A Text Book

For The Campaign
OF 1900.

BY W. H. HARVEY,

—THE AUTHOR OF—

"Coin's Financial School."

\$ \$ \$ \$ \$

This book is now having a wonderful circulation. The retail price is 25 cents. In size it is 35 pages larger than "Coin's Financial School," profusely illustrated, with best paper, enameled in two colors.

Its treatment of the subjects of Money, Trusts and Imperialism, is exhaustive and yet simple and plain as the A B C's. It will educate and arouse the American people to a common defense of their homes and the heritage of free institutions. It teaches organization and points out the remedy. It is educational and practical. It should be in the hands of every man, woman, boy and girl in the United States.

The book is a school and the little boy Coin the teacher. His school in May 1894, "Coin's Financial School," electrified a nation and moulded the political sentiment of a National Political Party.

Coin on Money, Trusts and Imperialism may be expected to rally anew the forces of human liberty.

Republican Convention at Hallsville. The Negroes Split.

Hallsville, Tex., Feb. 16.—The republican county convention was called to order by County Chairman Walter Washington at 3 o'clock this evening. Not a white man participated. The convention was held in the court house and Sheriff Bennett was present to preserve order. W. W. Scott and L. I. Kelly were nominated for temporary chairman, each claiming to be elected proceeded to act. Scott and Sam Putney were nominated for chairmen and then pandemonium reigned supreme. Finally it was suggested that all favoring Scott get on one side of the house and those favoring Putney get on the other side. This division showed a decided majority for Putney, who, when delegates to Waco had been selected, proceeded to adjourn. Scott in the meantime was contending that the proper way of voting was by precincts and he and his followers remained in the room after Putney and his supporters left, and held a convention according to their ideas, passed resolutions, selected delegates, and adjourned. Green and Hawley were indorsed as delegates to the national convention by the Scott faction.

Andree's balloon seems to be a hard proposition, as it has not yet been found, but when you find a cough or cold that will not succumb to a few doses of Gatin's Cough Syrup Andree's balloon will be as easy found as the noon-day sun. Get your money back if not cured. For sale by all druggists.

Judge D. A. Paulus has abandoned the idea of running for county attorney and will enter the race for the office of State Senator. Judge Paulus has the requisite qualifications for this position and would fill it in a manner satisfactory to all.

You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

Scott's Emulsion

of Cod-Liver-Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold.

It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.

Small and large, all druggists. SCOTT & BOWNE, Chemists, New York.
